Speaking

1 **Read the predictions. Talk about them with a friend.**

In the future …

1 people will go on holiday to the moon.
2 we will travel on rockets.
3 there will be a telescope in every home.
4 some people will live on Mars.
5 astronauts will find life on another planet.

Will people go on holiday to the moon? What do you think?

I don't think they will. But I think we'll travel on rockets.

2 **With your friend, imagine you are astronauts. What do you need for your space mission? Use the ideas in the box and your ideas.**

We need a telescope.

Why?

a telescope a walkie-talkie a football
spacesuits computer games

It will help us to look at stars and comets. What about a walkie-talkie?

3 **With your friend, plan your space mission. Where would you like to go? Decide on three places.**

Let's go to the moon first.

Great idea! What about the International Space Station next?

4 **Talk about your space mission.**

Paula and I will go to the moon first. Next, we'll …
