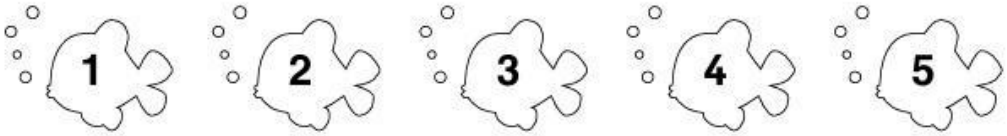
## 1 Read and colour the fish.



There are five fish. One is black, one is green, one is red, one is orange and one is blue.

The black fish is the fastest.

The orange fish is the slowest.

The blue fish is faster than the orange fish but slower than the red fish.

The green fish is slower than the black fish but faster than the red fish.

The red fish is faster than the blue fish and slower than the green fish.
