B9. Textbooks and exercise books are becoming them things of the past. In fact, they
B10. already are at some Dutch state schools. The Netherlands which has several 'digital
B11. schools' where all the pupils' learning takes its place on tablet computers. Although
B12. there are teachers who in every classroom, their role is a supporting one. One of the main
B13. advantages of the system is that it enough allows the pupils to work at their own speed
B14. in so various subjects. That means the most talented pupils can quickly move on to
B15. advanced work, while those who struggle with a subject can to spend more time on
B16. the basics. Not all teachers are pleased about the move to others digital education,
B17. however. Some have pointed out that should computers can never replace human beings
B18. completely because they can't respond themselves to children on an emotional level.
