## Reading

**6 Read the blog post and choose the correct answer.**

**A new student**

I'm from Germany, and I have family in France, but my parents and I are living in the UK at the moment. I'm very shy, but I've got two new friends, Ben and Max. I sit between them in class, and they help me find places like the gym. It's a big school! We play football in the break, and we go to Art Club every Tuesday. We often play video games at Ben's house. We like swimming too, but Ben and I don't go to the pool because the water is very cold. Max swims every morning before school!

On Saturday morning, I help my parents with the housework. It's OK, but boring!
In the afternoon, I enjoy going into town with Ben and Max to look at the shops. It's a lot more fun than tidying my room! On Sunday morning, we play basketball in the park, then in the afternoon I do homework. Maths is great – I love it! Sometimes Max helps me with Geography, and I'm terrible at Physics – I can't understand it. But I enjoy school because I see my friends every day.
