Travel

Travel is a very popular activity. Many people like to travel to different places in the world. Some people travel to relax, and some travel to learn about new cultures.

There are many ways to travel. You can travel by plane, by train, by bus, or by car. Planes are fast but sometimes expensive. Buses are cheaper but slower.

When people travel, they can stay in hotels, hostels, or with family and friends. It is important to pack clothes, important documents, and money.

Traveling helps people meet new friends and try new food. It is a good way to learn and have fun.
