Amy: I live in a flat in a crowded town. The building has a metal lift. My flat is smaller than Nina's house, but it is closer to the sports centre and the shop. I cycle to the gym easily.

Jack: I live in a brand-new house near the coast. There is a terrace on the top floor and a garden outside. My house is more modern than Tom's house. We fish at the coast on weekends.

Sue: I live in a house near an ancient site. There is a roof, a garden, and a garage. My house is quieter than Leo's flat. We experience history here.
