MY BIRTHDAY CELEBRATION

Read the three texts and answer the questions below.

A. Lucas - Brazil
Hi! My name is Lucas and I live in São Paulo. In my family, birthday parties are very big. We invite many friends and relatives and celebrate in our garden. My mother makes a chocolate cake and we also have lots of sweets. At the party we play music and dance. My favorite moment is when everyone sings "Happy Birthday" and I blow out the candles on my cake.

B. Mina – South Korea
Hello! I'm Mina from Seoul. On my birthday I usually celebrate with my family. In the morning we eat a special soup called seaweed soup. My mother says it is healthy and brings good luck. In the evening I meet my friends and we go to a café. They buy me a small cake and we take lots of "selfies" together.

C. Diego - Mexico
My name is Diego and I live in Guadalajara. Birthdays are very fun in my country. My family has a party in the evening with music and food. We eat tacos and drink juice. My favorite activity is the piñata. It looks like a paper donkey and is full of sweets and toys. Everyone tries to break it with a stick. When it breaks, the children collect the candy from the floor.
