I love reading and writing! I want to do a job where I can read and write every day. I don't think I'll become a journalist. I want to write my own books.

Yesterday I thought it would be nice to have a pair of football boots that get hot and cold. Then when it's really hot, they will keep you cool and when it's cold, they will keep you warm. I want to do a job where I can use my ideas to make real things and have something to do with sports!

My favourite hobby is making things. I love looking at new buildings, too. I want to learn what makes a good hospital, school or house. In the future, I think I'll do a job where I can design and build new buildings! That will be very exciting.

Every summer, I go to the beach with my family and I spend all my time under the water like a fish! I want to do a job where I can spend a lot of time in the water. Maybe I'll be a diver when I grow up, but maybe not!
