OMG 😩 I got this job offer in Colombia and now I'm stressed. Medellín, Bogotá, Cartagena… they all sound complicated. Why is this so hard? LOL.

Medellín? Isn't it the most overrated city ever? People act like it's perfect.

Bogotá sounds exhausting. Cold weather, crazy traffic, big old noisy polluted city vibes. No thanks 😒

Cartagena is beautiful, sure… but it's as hot as a sauna 🥵 and probably the most expensive tourist trap. Be serious. LOL.

Okay fine 😉 Final question. If you had to choose ONE city to live and work in… which one would you pick? And don't pretend it's perfect. Nothing is perfect. OMG.
