Teenagers and hobbies around the world

_____

Reading

Sofia, 14, Spain

I love photography and I take pictures almost every day. At weekends, I usually go to the city centre with my friends and photograph old buildings and parks. My parents gave me a camera two years ago and since then photography has become my favourite hobby.

Max, 15, Canada

I'm really interested in sport, especially basketball. I practise three times a week and our school team often plays matches on Saturdays. I also watch basketball online and read sports magazines.

Emma, 13, England

I enjoy cooking with my mum. We usually prepare pasta, salads and cakes together. Last month I learned how to make pizza. Cooking helps me relax after school.

Leo, 14, Germany

I spend a lot of time reading science-fiction books. I sometimes exchange books with friends or borrow them from the library. I think reading is more interesting than playing computer games.
