When I was ....., I thought the world of you

You were all that I ..... then

It faded and I never ..... you again

But I won't forget the l..... we had

Come to me now

Don't ..... me go

Stay by my side

Stay with me still

I've ..... you so

When I was ....., I thought the world of you

I was dumb to .....you drift away

And though I guess it had to ..... to an end

No one else could .....the love we shared

And my heart goes

Out to .....

Wherever you are
