A Year in Our Town

Our town has four beautiful seasons.

In spring, the weather is warm and the trees have green leaves. Many flowers bloom in parks and gardens.

Summer is hot and sunny. People go swimming, have picnics, and enjoy their holidays.

In autumn, the weather is cool. The leaves change color and fall from the trees. Many students go back to school in September.

Winter is cold and sometimes it snows. People wear coats, scarves, and gloves. We celebrate Christmas and New Year in winter.

Every season is special and we enjoy different activities all year round!
