Activity 1: Fill-in-the-Blanks (Superlative & Comparative Practice)

Instructions for students: Read the sentences below using the data from the text. Fill in the gaps with the correct superlative or comparative form of the adjective in parentheses.

1. Mount Everest is the _____ (high) mountain in the world, and it is also one of the _____ (dangerous) to climb.
2. The Rio de Janeiro Harbor is one of the _____ (big) and _____ (amazing) harbors in the world.
3. Victoria Falls drops 120 meters, making it one of the _____ (large) and _____ (loud) waterfalls on the planet.
4. The North Pole offers the _____ (good) view of the Northern Lights.
5. The Grand Canyon is much _____ (deep) than a regular valley—it is more than a kilometer deep!

Activity 2: "Which Wonder is Which?" (Sentence Correction)

Instructions for students: Read the statements below. Some contain incorrect facts or wrong comparative/superlative forms based on the image. Rewrite them correctly.

1. *Parícutin Volcano grew into a new volcano over a longer period of time than Mount Everest.*
   - **Correction:** Parícutin Volcano grew very fast—in just two years!
2. *The Grand Canyon is the smallest natural wonder listed.*
   - **Correction:** The Grand Canyon is massive; its breathtaking landscape is 445 kilometers long and 24 kilometers wide.
3. *The Great Barrier Reef is less colorful than other coral reefs.*
   - **Correction:** The Great Barrier Reef is not just one colorful coral reef; it's actually almost 3,000 of them!

Activity 4: True or False Challenge

Instructions for students: Based on the text, write **T** (True) or **F** (False). If it is false, change the adjective to make it true.

Statement	**T / F**
1. More than five million people visit the Grand Canyon every year, making it incredibly popular.	____

LIVEWORKSHEETS

Statement	**T / F**
2. Victoria Falls is the quietest waterfall on the planet.	____
3. Parícutin Volcano used to be higher than 300 meters before it became a flat cornfield.	____

Teacher Answer Key:

1. **T**
2. **F** (It is one of the *loudest* waterfalls)
3. **F** (It used to be a flat cornfield *before* growing to more than 300 meters high)
