Story Corner

The Butterfly Garden

Mia loved spending time outdoors. One sunny morning, she noticed a few colorful butterflies flying around her backyard.

Mia wanted more butterflies to visit, so she asked her grandmother for help. Her grandmother suggested planting flowers that butterflies like.

Together, they planted bright flowers and watered them every day. Mia carefully removed weeds and made sure the plants got enough sunlight.

After a few weeks, the flowers began to bloom. Soon, many butterflies visited the garden. Some were yellow, some were orange, and some had beautiful blue wings.

Mia felt proud of her hard work. She learned that caring for nature can create something wonderful.

Word Treasure

backyard –	the area behind a house
suggested –	gave an idea
bloom –	to produce flowers
weeds –	unwanted plants
proud –	feeling happy about something you did well

Let's Think & Answer

What did Mia notice in her backyard? _____

Who helped Mia? _____

What did they plant? _____

What happened after a few weeks? _____

What lesson did Mia learn? _____

Fact or Fiction?

Write True or False.
