Series IV: Critical thinking **Score: 4 points**

The Blue Lake

The Blue Lake is a beautiful natural place in a small town. The water is very clean and blue. There are many trees, birds, and fish around the lake. People like to walk, take photos, and have picnics there.

Many families visit the lake on weekends because it is quiet and relaxing. However, some visitors leave plastic bottles and trash near the water. This makes the lake dirty and dangerous for animals.

Now, students and teachers from the town help clean the lake every month. They also teach people how to protect nature. Thanks to their work, the lake is cleaner today.

Answer with complete sentences: (1 point each)

1. Why is it important to protect natural places?

2. What can students do to help nature in their community?

3. Do you think people should pay a fine for littering in natural places? Why or why not?

4. How would the animals feel if the lake becomes very dirty?

5. Would you like to visit the Blue Lake? Explain your answer.
