Summer Vacation Fun

Summer vacation is always a great time for rest and fun. Many people go to the beach or travel to other cities. I usually visit my grandparents' house in the countryside. There, I enjoy the quiet atmosphere and the fresh air. In the mornings, I walk around the garden and help my grandfather with the vegetables. My cousins also visit, and we play games and have fun all day long.

Last summer, we went on a trip to the mountains. We hiked up a big hill and took many pictures. It was hot, but we drank cold lemonade to stay refreshed. We ate sandwiches, and in the evenings, we made a campfire and roasted marshmallows. Summer vacation is the best time to relax and spend time with family and friends.
