ENGLISH TEST – GRADE XII

ADVANCED ENGLISH

Name: .....
Class: .....
Date: .....

A. CHOOSE THE CORRECT ANSWER!

Text 1: Students Should Use Technology Wisely

Technology has become an important part of students' lives. Many students use smartphones, computers, and the internet to support their learning. However, some students spend too much time using technology for entertainment.

Technology provides many educational benefits. First, students can access various learning resources online. Second, educational applications help students understand difficult subjects. Furthermore, technology allows students to communicate and collaborate with others.

Therefore, students should use technology wisely. Teachers and parents should guide students to use digital devices for educational purposes.

1. What is the main topic of the text?

A. The history of computers.
B. The importance of using technology wisely.
C. The disadvantages of smartphones.
D. The development of social media.
E. The use of technology in business.

2. Which sentence represents an argument in the text?

A. Students should use technology wisely.
B. Technology allows students to access learning resources online.
C. Therefore, teachers should guide students.
D. Students must stop using smartphones.
E. Technology has become part of students' lives.

3. You are asked to write a recommendation based on the text. Which sentence is the most appropriate?

A. Students should spend all their time playing games.
B. Technology has several disadvantages.
C. Students should use digital devices to support their learning.
D. Smartphones are popular among teenagers.
E. The internet contains many websites.

4. Which conjunction is commonly used to introduce an additional argument in a Hortatory Exposition Text?

LIVEWORKSHEETS

A. Once upon a time.
B. Furthermore.
C. Suddenly.
D. Yesterday.
E. In the beginning.

5. What is the correct generic structure of a Hortatory Exposition Text?

A. Orientation – Complication – Resolution.
B. Identification – Description – Conclusion.
C. Thesis – Arguments – Recommendation.
D. Goal – Materials – Steps.
E. Thesis – Arguments – Reiteration.

Text 2: Students Should Exercise Regularly

Physical exercise is important for students. Unfortunately, many teenagers spend most of their time sitting in classrooms or using electronic devices.

Regular exercise helps students maintain physical fitness. It also improves concentration and reduces stress. Moreover, physical activities can develop teamwork and discipline.

Therefore, students should participate in physical activities regularly. Schools should provide sports facilities and organize exercise programs.

6. Which sentence best represents the thesis of the text?

A. Physical exercise is important for students.
B. Schools should organize sports competitions.
C. Exercise improves concentration.
D. Students should participate in sports activities.
E. Physical activities develop teamwork.

7. Which additional argument would best strengthen the writer's opinion?

A. Some students prefer watching television.
B. Regular exercise can improve sleep quality and overall well-being.
C. Sports equipment is available in many shops.
D. Students sometimes play games after school.
E. Many people enjoy listening to music.

8. Which expression is commonly used to introduce a recommendation?

A. Long ago.
B. Once upon a time.
C. Therefore, students should...
D. Suddenly.
E. One afternoon.

9. Complete the recommendation below!

LIVEWORKSHEETS

"Therefore, students should maintain their physical health by ..."

A. avoiding all physical activities.
B. spending more time sitting.
C. sleeping during lessons.
D. exercising regularly.
E. ignoring their health.

10. Which language features are commonly found in Hortatory Exposition Text?

A. Modal auxiliaries and persuasive expressions.
B. Direct conversations and past events only.
C. Past tense and chronological events only.
D. Characters and complicated conflicts.
E. Imperative instructions for making food.

Text 1: The Impact of Poor Time Management

Time management is an important skill for students. Some students cannot arrange their daily activities properly. They often spend too much time playing games and watching videos.

As a result, they sometimes forget to complete their homework. Poor time management can also cause stress and reduce academic performance. Students who cannot manage their time may have difficulty preparing for examinations.

Therefore, students should create daily schedules and prioritize important activities.

11. What causes some students to forget their homework?

A. They study every evening.
B. They spend too much time playing games and watching videos.
C. They create daily schedules.
D. They prioritize their activities.
E. They prepare for examinations.

12. What is one effect of poor time management?

A. Students become more organized.
B. Students always complete their assignments.
C. Students experience stress and reduced academic performance.
D. Students have more free time for studying.
E. Students become better at managing activities.

Text 2: Water Pollution

Water pollution is a serious environmental problem. Many people throw rubbish and household waste into rivers. Some factories also release untreated waste into water sources.

LIVEWORKSHEETS

As a result, water quality decreases and aquatic animals may lose their natural habitats. Polluted water can also cause health problems for people who use it.

Communities should protect rivers by disposing of waste properly and supporting environmental programs.

13. If people continue throwing rubbish into rivers, what is the most likely consequence?

A. River water becomes cleaner.
B. Aquatic animals receive more food.
C. Water pollution becomes worse.
D. People need less clean water.
E. The environment becomes healthier.

14. Which statement best analyzes the relationship between human activities and water pollution?

A. Human activities have no connection with water quality.
B. Improper waste disposal contributes to water pollution and threatens living organisms.
C. Water pollution only affects factories.
D. Rivers become polluted naturally without human involvement.
E. Throwing rubbish into rivers improves the ecosystem.

C. ARRANGE THE FOLLOWING SENTENCES!

Choose the correct arrangement to form a meaningful paragraph.
