PART 1 – READING (RDG 1) | 5 MARKS

Read the five short texts. Write TRUE or FALSE for each statement. Each text is about 35–45 words.

Text 1 – Wildlife holidays
Maya joined a wildlife holiday because she wanted to see animals in their natural homes. During the trip, the group went on safari with a guide. They watched animals quietly and learned why visitors should respect wildlife.

Text 2 – Cultural tourism
Omar enjoys cultural tourism. On his last holiday, he visited museums and theatres and watched a local festival. He liked learning about the traditions, history and daily life of the people in the area.

Text 3 – Extreme sports tourism
Some travellers choose holidays full of excitement. They may try bungee jumping or white water rafting. These activities can be challenging, so visitors should follow safety instructions and listen carefully to experienced guides.

Text 4 – Sailing holidays
A sailing holiday gives visitors time on the sea. Some people choose to hire a luxury yacht and travel with experienced crews. They can enjoy the coastline from the water and visit different places during their journey.

Text 5 – Special interests
Not every holiday is about beaches or shopping. Some visitors choose bird-watching, painting or cooking holidays. Others are interested in books and choose literary tourism. These trips allow people to enjoy a favourite activity while travelling.
