I walk to school with my friend, Harriet. She lives on my road. I live at number 31 and she lives at number 55. There's a supermarket opposite my house.

In the morning, I leave home at eight o'clock. It takes about 25 minutes to get to school.

Today it was sunny and it wasn't cold. We walked into Green Park. It's near Harriet's house. I saw the swimming pool. I usually go swimming there on Saturday mornings. There
