PART 4: READING (5 questions)

Read the passage and choose the correct answer (A, B, or C).

Digital devices have completely changed the way students learn today. Laptops, tablets, and smartphones allow learners to access educational apps and online courses anytime, anywhere. This method, which is often called e-learning, helps students become more independent. Teachers can also upload videos and assignments onto online platforms, making lessons more interactive. However, students must manage their screen time carefully so that their eyesight is not affected.

16. What is the main topic of the passage?

A. The dangers of smartphones B. How digital devices change learning

C. How to become a teacher

17. According to the passage, what can learners access using digital devices?

A. Educational apps and online courses B. Only offline textbooks

C. Video games

18. The word **"which"** in line 3 refers to _____.

A. smartphones B. e-learning C. teachers

19. How do online platforms help lessons?

A. They make lessons shorter B. They make lessons more expensive

C. They make lessons more interactive

20. Why should students control their screen time?

A. To save battery B. To protect their eyesight

C. To finish homework faster

PART 5: WRITING (5 questions)
