REGULAR VERBS – PRACTICE

Jenna, Ronald and Mary have an amazing story to tell you about their last camp, but there are some verbs missing. Can you help them?

Write the <u>past simple tense</u> (affirmative or negative) of the verbs.

Last summer, Jenna, Ronald and I (Mary) went to a summer camp in the North of Spain. There were many kids like us: some were tall, some had freckles, glasses or wavy hair. All the monitors had a white and green uniform and red trainers, so we _____ (recognise) them easily.

One night, a magician came to the camp. He was old and very short. He had got a long grey beard and a blue tracksuit. When he _____ (start) to talk, he _____ (open) a little white box. He _____ (not explain) the content of the box, but we _____ (imagine) there was a little bunny or another box inside.

Then, he _____ (borrow) Jenna's yellow cap, put it inside the box and it suddenly _____ (disappear). What _____ (happen)? Everybody was impressed and _____ (applaud) until their hands hurt. But we _____ (not believe) it. When the show _____ (finish), we _____ (ask) him how he did it, but he _____ (not want) to tell us. It was a secret!

The next day, we _____ (discover) the trick. There was a little mirror inside the box, and the cap was behind it. It was so easy! We all _____ (laugh) so much!
