Hello ! Look at me! My name is James and I am with my parents, David and Kate. I love them very much.
There is also my sister Jessie, I find her so cute and of course my dog, Lucky, I always take him for a walk after school. You can imagine that he is very faithful to us, indeed he always wants to follow us everywhere we go. Yet, my parents work a lot as doctors so Lucky does not get the chance to be with them much, but when Mum goes shopping, he always wants to go with her, poor pet! We have got a nice house in the center of Exeter, not very far from the Cathedral and we see it every day we go to school or come back home. And you? Can you tell some things about you?
