1. Sofia and Yaroslaw are from _____.
2. They are _____.
3. Their potatoes go to countries like _____ and _____.
4. Jose is from _____.
5. He grows _____ and _____.
6. He is _____ with three _____.

C Answer the questions.

1. Do Sofia and Yaroslaw come from Peru?

2. Is it hot in Poland in the summer?

3. Is their farm big?

4. Is Jose married?

5. Is he a potato farmer?

6. Is it hot in Mexico in the summer?

DIFFERENT FARMERS

Sofia is from Poland and she and her husband, Yaroslaw, are potato farmers. They have a big farm of about 55 hectares. The weather in Poland is good for potatoes because it is cool and wet in the summer. People in Poland eat a lot of potatoes. Some of the potatoes are for their family but they sell some of their potatoes to other countries, like Germany and England.

Jose is also a farmer and he comes from Yucatan in Mexico. He is twenty-four years old and he is married with three small children. He is not a potato farmer. He is a maize farmer, and he also grows beans. The summer in Mexico is very hot and wet, and this is good for maize and beans. His wife makes *tortillas* from the maize and their children love tortillas with beans.
