## The Shadow

Please, look at this photo. The children at school are scared. Is 'the shadow' a monkey or a person? Monkeys have small heads. 'The shadow' has a huge head. It isn't tall, but it has long arms. Monkeys have long arms, too. 'The shadow' is not young, it's very old.

Please, send information to the editor.

**Letters to the editor**

Dear Editor,
'The shadow' is a monster. It has a huge head, but it doesn't have a mouth. The girls at school are scared, and the boys, too!
Brenda Smith

Dear Editor,
'The shadow' isn't a monster. He's an old man. His arms are long, but his legs are very short and thin.
Emily Harris

Dear Editor,
I'm 'the shadow', but I'm not a monster. My name's Treeman. My house is the jungle. I have a friend: a parrot. She's very young, she's two. Her name is Miss Green. She's my best friend.
