

Ficha interactiva

Une los elementos con los colores correspondientes
y estos relacónalos con sus nombres.

Colors

This interactive worksheet is designed for children to learn colors. It features a vertical list of six items on the left: an orange star, a blue flower, a green elephant, a yellow star, a red mushroom, and a purple crayon. To the right of these items is a vertical column of six colored squares: purple, green, red, orange, blue, and yellow. Further to the right are the corresponding color names in their respective colors: 'red', 'blue', 'purple', 'yellow', 'green', and 'orange'. A line is drawn from the top orange star to the orange square, and another line is drawn from the orange square to the word 'orange'.
