Hi, welcome to my neighborhood! Let me describe the new house my parents just bought.

They bought a house with two bedrooms, one bathroom and three main rooms.

My bedroom (1) is upstairs, above the kitchen, next to the bathroom. The bathroom (2) is located upstairs, between the two bedrooms. The master bedroom (3) is above the living-room.

The kitchen (4) is downstairs, next to the dining-room. Our living-room (5) is just under my parents' room. The dining-room (6), on the first floor, is next to the kitchen. My dad has a big study (7) downstairs right next to the laundry-room (8) where we have our washer and dryer. We also have a small attic (9) that we use as a storage area.
