

Once upon a time there was a lonely king who lived in an enormous castle. He wanted to marry a beautiful princess from another country and make her his queen, but she was in love with a gentle giant. The king was furious and planned to kill the giant. But the giant's best friend was a fierce tiger who wanted to help. It hid in the castle, and when the king was asleep it jumped on his bed and growled, "If you don't leave the giant and princess alone, I'll tell all my dragon friends to burn down the castle!" The king was scared and promised to leave them alone. The princess married the giant and gave birth to a prince not long after.
