

Do you remember the last activity we worked with? You had to identify the entertainment activities described in a picture and share some ideas about the ones you enjoy doing.

There are different categories or types of entertainment. For example “posting photos on instagram” is an activity that corresponds to the type: “Internet Entertainment”. Now, you are going to see and classify more examples

1. Classify the following entertainment activities in the correct category

listening to live music	playing video games	going to a magic show
watching films	going to the cinema	going to the theatre
playing the guitar	playing board games	making a TikTok video
sending instant messages		

Cinema Entertainment	Internet Entertainment	Gaming Entertainment	Music Entertainment	Cultural Entertainment

2. Think and add one more example in each of the five categories
