ESLWORKSHEETS

The Universe

1. Write the words for the definitions:

The theory of how the universe was created

Big balls of gas that emit light and heat

A group of stars that forms a pattern in the sky

An enormous collection of stars, dust and gas held together by gravity

The name of the galaxy that our solar system is part of

A round celestial body that orbits the sun

A round celestial body that orbits the sun but it is smaller than the planets

It is made of ice, dust and gases and it orbits the sun

Irregularly shaped rock that orbits the sun

A piece of an asteroid that breaks off

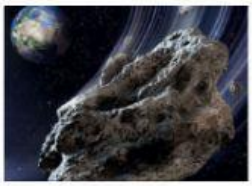

A meteor that hits the Earth's surface

2. Match the pictures to their names:

★ Galaxy

★ Meteor shower

★ Planet

★ Constellation

★ Star

★ Milky Way

★ Asteroid
