NAME OF THE STUDENT: \_\_\_\_\_

DATE: \_\_\_\_\_

Krithik needs your help to climb the integer Mountain.

Follow the rules given below and help him reach the top.

Rules:

- Each brick in the bottom row contains an integer.
- Add integers of two adjacent bricks and write the sum on the above them.
- Fill all the bricks with integers till you reach the top.

The first two bricks in the second row are filled in for your reference.
