

Camping Adventure

T.Ahlam Al-Sabari

Last month, we went camping with my teacher and my classmates. Fahad climbed the mountain. He went over the big rocks. He reached the top of the mountain and waved to Zeyad and Hassan who were running around the tent. Haithem and I went to the river to bring some water. We crossed the river and played with water. Then we went out of the river but we got stuck in the mud. Our teacher, who was lying on the grass, laughed at us. After lunch my teacher promised to take us to see the cave.
