

What pets are we?

1. Match the pictures with words.

The central word bank contains the following words: **turtle**, **rabbit**, **cat**, **parrot**, **guinea pig**, **dog**, **fish**, and **hamster**.

Surrounding the word bank are illustrations of a yellow cat, a green turtle, a black and white dog, a brown rabbit, a brown hamster, a brown rabbit eating a carrot, a brown and white guinea pig, and a green parrot with a red headband. Each illustration has a small empty rectangular box next to it for labeling.

2. Read and draw the pets in the box.

Hi. My name is Meg. I have a hamster and a rabbit.

Hello. I'm Ben. I have a dog and two cats.

My pet is a fish. It's Tina, just like me. I have a guinea pig too

Mark: I haven't any pets but I'd like to have a big turtle.
