# Solar System Song - StoryBots

We can see the whole Solar System from here  
I think we can hear it from here too

We are the planets of the \_\_\_\_\_ System  
Different sizes for every one  
The music never ends  
We are such good \_\_\_\_\_  
And we all orbit the \_\_\_\_\_

Here comes the Sun rapping first on this track, from the beginning

I'm the center of the solar system, planets be spinning  
Around me, so \_\_\_\_\_, I'm roasting, ya' see?  
Now I pass the mic to the planet closest to me  
\_\_\_\_\_ The smallest planet, small as Earth's moon (Yo!)  
I get super hot and cold and I spin very \_\_\_\_\_  
I'm \_\_\_\_\_ I've got mountains and \_\_\_\_\_ that spray  
I'm the same size as Earth but spin the opposite way  
Yeah, I'm \_\_\_\_\_, I'm the home to every boy and \_\_\_\_\_  
(Such a beautiful, beautiful world)

I'm \_\_\_\_\_, the red planet, I've got deserts and ice  
And I've got two moons(nice) that's like one moon, twice!  
I'm \_\_\_\_\_ the biggest planet, I'm humungous, gargantuan  
I spin the fastest, rap the fastest, plus I'm handsome, BLAM SON!  
Oh please, I'm Saturn, check out my beautiful rings  
Made up of billions of rocks, dust, and other things  
I'm \_\_\_\_\_, I say that with pride, okay, I lied  
I'm embarrassed 'cause I'm the only planet lying on its side  
I'm \_\_\_\_\_, I'm cold, dark, windy and mysterious  
I'm very stormy, so bring an umbrella - I'm serious

We're the planets of the Solar System  
Different sizes for every one  
The music never \_\_\_\_\_  
We are such good friends  
And we all orbit the sun  
Well, we are done exploring the Solar System  
I am thirsty. Let's explore the rest of the Milky Way Galaxy

## Word Box

Solar - sun - Mercury! - girl - friends - Venus! - Mars - slow- hot - Neptune - volcanoes -  
Jupiter! - Earth - ends - Uranus
