

UNIT 6 : GO GREEN

Name the types of pollution below.

air pollution

water pollution

land pollution

Let's listen.

Listen to Encik Hakimi's explanation on recycling bins.

The 3R Campaign signifies "reduce, reuse, and recycle". Under the campaign, three-coloured waste separation bins or better known as 'recycling bins' are provided. The recycling bins are placed at housing estates, schools, and public places to collect waste such as paper, aluminium, and plastic for recycling purposes.

The blue bin is used to dispose of paper. Recyclable items such as newspapers, magazines, and cardboard boxes can be disposed of here. Glass items like bottled drinks, perfumes bottles, and glasses can be disposed of into the brown bin. The orange bin is used to dispose of aluminium and plastic waste. The waste includes soft drink cans and food product tins.

WHAT ITEMS SHOULD BE DISPOSED IN THE BINS?

Fill in the blanks correctly.

bottled drinks

cardboard

food product tins

perfumes bottles

newspapers

soft drink cans

glasses

aluminium and plastics
