swim ~~walk~~ run sit stand

On this page you can see skeletons. Humans and some animals have got skeletons. The skeleton helps us to swim, walk, run, sit and stand.

Draw lines to the correct skeleton.

Lukis garisan pada rangka tulang yang betul.

Read and answer the questions.

Baca dan tulis jawapan dengan betul.

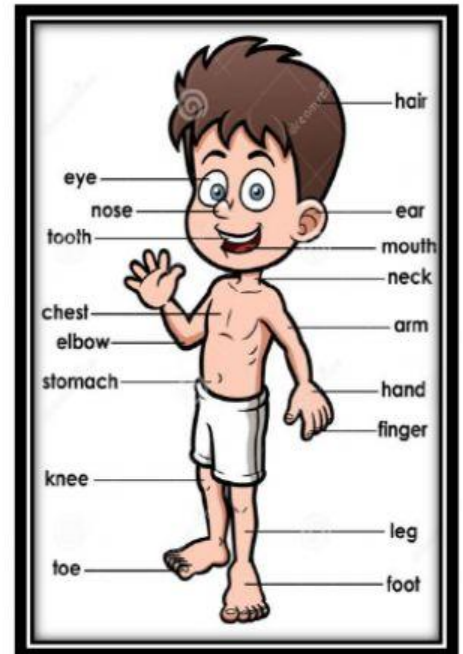

I have many body parts that I use for different reasons.

I have a nose. I can smell the flowers with my (a) _____.

I also have a (b) _____ which I use to eat, drink and talk. Some of us use it to sing too.

I have a pair of (c) _____ that I use to walk and run.

Some of us don't have all the body parts but there is nothing to worry as everything is a gift.

1. Why do you need a nose?

So that I can _____ the flowers.

2. Why do you need a mouth?

So that I can use to _____, _____ and talk.

3. Why do you need a pair of legs?

So that I can use to _____ and _____.

4. Does everyone have all the body parts?

Some of us _____ have all the body parts.

5. Do we need to worry if we don't have all the body parts? Why?
