

1. Each table shows the input and output from a machine with 2 operations.

For each table, write the numbers and the operations in the machine.

a)

Input	Output
4	25
5	32
6	39
7	46

b)

Input	Output
50	20
55	22
60	24
65	26

c)

Input	Output
7	26
8	28
9	30
10	32

2. For each table, predict the Output when the Input is 20.

a) _____

b) _____

c) _____
