3  Circle the correct words.

- 1 In Ethiopia there was a **landslide** / **famine** in the 1980s, when many people died because there wasn't enough food.
- 2 The **tsunami** / **drought** in the USA is causing many lakes to dry up.
- 3 A **wildfire** / **hurricane** is strong enough to blow the roofs off houses.
- 4 If you cook food in a forest, you could start a **wildfire** / **flood**.
- 5 A **landslide** / **volcano** can bury a whole village in mud.

## EXPRESS YOURSELF

4  What natural disasters are the people writing about? Label the texts. Then write about a different natural disaster.

The extreme weather continues in England today. After heavy rain, people are protecting their homes from water as best as they can.

1

flood

Scientists believe that Mount Etna in Sicily is going to erupt again.

2

Last night in Spain, 2,000 people felt the ground move. Luckily, there was no serious damage.

3

Temperatures are rising in eastern Africa again. Charities are helping to provide water to people in the area.

4

Following yesterday's earthquake, falling earth and rock damaged several houses in the Sierra Nevada mountains.
