

MATEMÁTICAS SEGUNDO BÁSICO

Practica la estrategia de juntar 10 y sumar el resto siguiendo el ejemplo.

Observa el video antes de continuar

Ejemplo: 10 $7 + 6 = 13$ $7 + 6$ is circled in red. Below 7 is a circle with 3, and below 6 is a circle with 3. Lines connect 7 to 3 and 6 to 3.	$8 + 5 = \square$ $8 + 5$ is circled in red. Below 8 is an empty circle, and below 5 is an empty circle. Lines connect 8 to the empty circle and 5 to the empty circle.	$4 + 9 = \square$ $4 + 9$ is circled in red. Below 4 is an empty circle, and below 9 is an empty circle. Lines connect 4 to the empty circle and 9 to the empty circle.
$6 + 8 = \square$ $6 + 8$ is circled in red. Below 6 is an empty circle, and below 8 is an empty circle. Lines connect 6 to the empty circle and 8 to the empty circle.	$7 + 5 = \square$ $7 + 5$ is circled in red. Below 7 is an empty circle, and below 5 is an empty circle. Lines connect 7 to the empty circle and 5 to the empty circle.	$8 + 9 = \square$ $8 + 9$ is circled in red. Below 8 is an empty circle, and below 9 is an empty circle. Lines connect 8 to the empty circle and 9 to the empty circle.
