UNIT 9: AN INSTANT MESSAGE

Hi Alex,

How are you? I'm sending you a message because I want some advice.

I want to go to a concert in the city with my friends, but my parents won't let me. We'll have to get a train back late at night and they think it's too dangerous.

What should I do?

Hi Ed,

How are you? I hope you're fine. I'm sorry to hear about your problem. Maybe I can help!

My advice is you should ..... to your parents. I think you should talk to them in the evening, after their working hours. **Besides,** you can ask your ..... for help. **In addition,** you must convince them that you will call them as soon as the ..... Is over. **Furthermore,** you can inform your parents your friends' number so they can call them in case your phone is out of battery. **However,** if your parents still not giving you the permission, may be you can ..... them to pick you after the concert.

I hope you will consider my advice. I have to ..... now. Bye!

Alex
