Effects of Pollution

GLOSSARY

- aquatic: water-based
- diarrhoea: a medical condition that makes you empty your bowels very often.

A. Read the effects of pollution in the table below.

Type of pollution	Effects
air pollution	• cough • asthma
water pollution	• diarrhoea • death of aquatic animals
land pollution	• food poisoning • skin problems

Based on the table above, match the pollutions to its effect.

Air pollution	Land pollution	Water pollution
