

Bad Habits

Ed Sheeran

Every time you come around, you know
say / can't / I / no

--	--	--	--

Every time the Sun goes down, I _____ you
take control

I _____ feel the paradise before my world implodes
And tonight I had something wonderful.

- () I got nothin' left to lose, or use, or do
- () Swearin' this will be the last but it probably won't
- () Yeah, I was lookin' for a way out, now I can't escape
- () My bad habits lead to wide eyes stare into space
- () My bad habits lead to late nights, endin' alone
- () Conversations with a stranger I barely know
- () Nothin' happens after two, it's true, it's true
- () And I know I'll lose control of the things that I say

Every pure _____ ends when the good times start
Fallin' over everything to _____ the first time's spark
Started under neon lights and then it all _____ dark
I only _____ how to go too far.

Chorus

'round / took/ way / We / the long

--	--	--	--	--

And burned 'til the fun ran out, now.
