

# Maths is Fun

## Year 4

(1)  $45,214 + 3,572 =$  

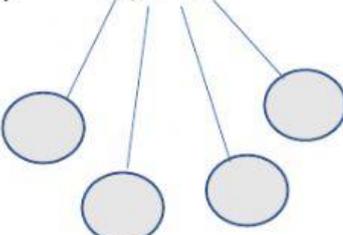

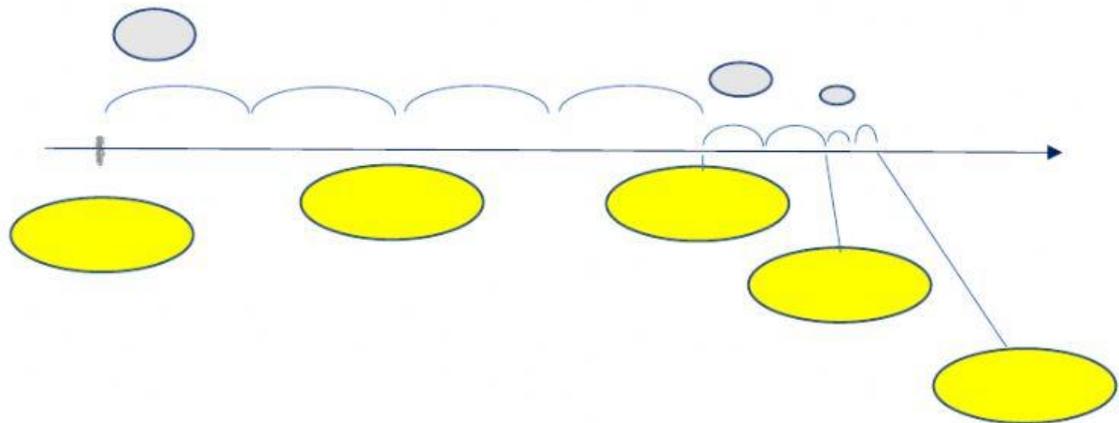

Diagram illustrating the addition of 45,214 and 3,572. The number 45,214 is represented by six circles: 4 (top left), 5 (top middle), 2 (top right), 1 (bottom left), 1 (bottom middle), and 4 (bottom right). The number 3,572 is represented by four circles: 3 (top left), 5 (top middle), 7 (top right), and 2 (bottom right). The sum is represented by an empty oval.

(2)  $37,867 + 422$

(3)  $57,100 - 32,459$

$57,100 - 30,000 =$  

  $- 2,000 =$  

$$\text{○} - 400 = \text{○}$$

$$\text{○} - 50 = \text{○}$$

$$\text{○} - 9 = \text{○}$$
