Celine Dion - MY HEART...

Ouçã e selecione a melhor opção de acordo com a canção

Every night in my dreams

I see you, I feel you

That is who / how I know you go / goes on

Far across the distance

And spaces among / between us

You have come to shoyu / show you go on

Near, far, wherever you are

I believe that the heart does / goes go on

Once / One more, you open the door

And you're here in my heart

And my heart will go on and on / one

Love can touch once / us one time

And last four / for a lifetime

And never let go 'til we're gone

Love was when / where I loved you

One true times / time I'd hold to / you

In my life, we'll never / always go on

Near, far, wherever you are

I believe that / thats the heart does go on

(why do / does the heart go on?)
