

Read the description and fill in the blanks with the vocabulary on the right.

What makes them angry, nervous, scared, or lonely?

What are the people in your family like?

In my family, we have different personality traits, for example: my mother doesn't work, but she stays at home all day long; and that makes her feel

busy

lonely

What about your father?

My father has a full time job that keeps him After work, he drives three hours in traffic to get home and that makes him **angry**.

serious

happy

Is your brother like your parents?

No, he isn't. My brother is a very nice and person, but he doesn't like to stay alone because he feels

scared

shy

People say I am a person, but I am extremely when I have to talk to people who I don't know.
