Some boy wrote on the _____
His feelings for a _____
A love like clouds and wind
Always be here to stay
Like a _____ of gentle younger days
Wondering if this was just a _____.

That _____ was then bygone
Feelings were buried deep
The _____ were out of sight
No longer _____ by _____
Still, he couldn't let go of that profound love
When he recalled her dreamy and innocent _____.

[CHORUS]

The day she left to chase the wealth
Far away did he stand feeling as if he had _____ something
No _____ can fathom
Cause people say that _____ love
_____ lasts long
No one thought it would be here for _____

No one can tell what _____ will be
One day, they met _____, their lives had changed though names were the same,

The boy hadn't changed
(They) Say: "Out of sight, out of _____."
Hand is not _____ hand
Still, the dream remains sleepless.

Some guy in his young days
Hustling away from _____
The love faded swiftly
He ceased thinking 'bout it
One day, some _____ planted love in the cold soul
Though she doesn't have her _____ eyes

The _____ was bygone
Feelings were buried deep
But after all those _____
One day, in the drizzle
He saw the girl and once _____, his heart raced
Still there those dreamy eyes but already tainted.

[CHORUS]

The day she left to chase the wealth
Far away did he stand feeling as if he had _____ something
No _____ can fathom
Cause people say that _____ love
_____ lasts long
No one thought it would be here for _____

No one can tell what _____ will be
One day, they met _____, their lives had changed though names were the same,
