.

A. Basketball is one of the most popular sports in the world. Basketball was invented in Canada by James Naismith in 1891. James Naismith was a Canadian gym teacher.	1. What do you need to play the game? 
B. Winter in Canada is very cold and long. Children couldn't go in for skiing, skating or playing snowballs because the weather was windy and frosty. Basketball helped children to move and to be active when they could not play outside (in the open air).	2. Where was the game invented?
C. To play basketball you need a ball. The first basketball was brown. In 1950 players started to use an orange ball because it was easier to see. Two teams must wear T-shirts of different colours. Also, players need a special court with two hoops at each end. Teams have to earn points by throwing the ball into the hoop	3. Why was Michael Jordan named a legend of basketball?
D. Michael Jordan was one of the legends of basketball. He started his National Basketball Association (NBA) career with the Chicago Bulls. He is one of the greatest players of all-time because he has won many basketball championships and competitions. Today basketball is spread all over the world. It is a part of summer Olympic Games.	4. What could children do on frosty days? 
	5. Why is this game a part of summer Olympic Games?
