And this a Lila 'pon the mic
Oh lawd, oh lawd, lawd, lawd
Oh gosh, ay!

Thankful for the blessings that have fallen on my
Learning all my lessons now I'm willing and I'm able
To do just what I can, as humble as a lamb
Working towards a goal and we give thanks for helping hands

Pray for health and strength, a life of length and peace of mind
Good people and good vibes, yes we give thanks every
In every single line, even if it nuh rhyme
Mi gon' sing redemption songs for the
When I think of where I'm coming from

Looking back at where the journey began
I really haffi say that I'm strong, I'm strong
All praises to the most high One

Look at where I'm coming from
Looking back at where the journey began

All praises to the most high One

Morewhile you have fi toil, you might a crush up like a foil

'Cause Jah will never give me more than I can bare
So tell mi wah me really haffi fear?
