

Multiplicamos con LEGOS

$\times 2$

¿Puedes contar los legos para realizar las operaciones?

1.

$$2 + 2 = \square$$

$$2 \times 2 = \square$$

2.

$$2 + 2 + 2 + 2 = \square$$

$$4 \times 2 = \square$$

3.

$$2 + 2 + 2 + 2 + 2 + 2 = \square$$

$$6 \times 2 = \square$$

4.

$$2 + 2 + 2 = \square$$

$$3 \times 2 = \square$$

5.

$$2 + 2 + 2 + 2 + 2 = \square$$

$$5 \times 2 = \square$$

6.

$$2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 + 2 = \square$$

$$10 \times 2 = \square$$

Multiplicamos con LEGOS

$\times 5$

¿Puedes contar los legos para realizar las operaciones?

1.

$$5 + 5 = \square$$

$$2 \times 5 = \square$$

2.

$$5 + 5 + 5 = \square$$

$$3 \times 5 = \square$$

3.

$$5 + 5 + 5 + 5 + 5 + 5 = \square$$

$$6 \times 5 = \square$$

4.

$$5 + 5 + 5 + 5 + 5 = \square$$

$$5 \times 5 = \square$$

5.

$$5 + 5 + 5 + 5 + 5 + 5 + 5 = \square$$

$$7 \times 5 = \square$$

6.

$$5 + 5 + 5 + 5 + 5 + 5 + 5 + 5 = \square$$

$$10 \times 5 = \square$$

Multiplicamos con LEGOS

$\times 10$

¿Puedes contar los legos para realizar las operaciones?

1.

$$10 + 10 + 10 = \square$$

$$3 \times 10 = \square$$

2.

$$10 + 10 = \square$$

$$2 \times 10 = \square$$

3.

$$10 + 10 + 10 + 10 + 10 = \square$$

$$5 \times 10 = \square$$

4.

$$10 + 10 + 10 + 10 = \square$$

$$4 \times 10 = \square$$

5.

$$10 + 10 + 10 + 10 + 10 + 10 = \square$$

$$6 \times 10 = \square$$

6.

$$10 + 10 + 10 + 10 + 10 \\ + 10 + 10 + 10 + 10 =$$

$$9 \times 10 =$$

Multiplicamos con LEGOS

x2 - x5 - x10

¿Puedes contar los legos para realizar las operaciones?

1.

$$2 + 2 + 2 + 2 + 2 + 2 = \square$$

$$6 \times 2 = \square$$

2.

$$5 + 5 + 5 + 5 + 5 = \square$$

$$5 \times 5 = \square$$

3.

$$10 + 10 + 10 + 10$$

$$+ 10 + 10 + 10 = \square$$

$$7 \times 10 = \square$$

4.

$$2 + 2 + 2 + 2 = \square$$

$$4 \times 2 = \square$$

5.

$$5 + 5 + 5 + 5 + 5 + 5 + 5 + 5 = \square$$

$$8 \times 5 = \square$$

6.

$$10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 + 10 = \square$$

$$10 \times 10 = \square$$
