

PRACTICE 6

Read the text below and answer questions 1 to 8.

I have many different possessions, but there are three things that I treasure the most. They are a pair of crystal earrings, a chain with an apple-shaped pendant and a silver watch.

The earrings are really beautiful. They are silver-plated buttons framed with tiny Swarovski crystals. The crystals sparkle in the sunlight. The earrings are oval. There is a big crystal in the centre of the design. These earrings were a gift from my grandmother on my twelfth birthday.

My second most valuable possession is a gold chain with an apple-shaped pendant. The pendant is very pretty. It is very artistically designed in the shape of an apple with gold leaves attached to it. This was a special gift from my mother.

My third most valuable possession is a silver watch, with my name 'Anne' engraved on it. It is rectangular with four small diamonds on each side. The watch is attached to a silver chain in order to secure it firmly on my wrist. It was a gift from my parents when I did well in my examination last year.

I treasure my possessions and keep them safely in a jewellery box. Even though I wear the earrings and chain on special occasions, I wear the watch daily to school. They are a symbol of love and affection from my family. They are very precious to me and I shall treasure them always.
