

Name : **Use it Right**

Did you notice the words in bold? They are personal pronouns. They are used to represent the number of people, person and gender in a sentence.

- 'He' is used to indicate a male subject.
- 'She' is used to indicate a female subject.
- 'They' is used to indicate two or more subjects.
- 'We' is usually used when one of the subjects speaking as a group.
- 'It' is usually used to indicate an animal or non-living subject.

Look at each picture carefully. Rewrite the sentences by replacing the name with suitable personal pronouns.
